EDUCATION

Veritas University

B.S. in Software Engineering

Abuja, Nigeria

Expected Graduation, July 2027

- **Concentrations:** Web and Mobile Development
- **GPA:** 4.10/5.00
- **Related Coursework:** Data Structures & Algorithms, Objects & Design, Computer Organization & Programming, Internet of Things(IoT), Machine Learning, Artificial Intelligence, Object-Oriented Programming, Statistics & Applications

EXPERIENCE

FlexiSaf Edusoft

Frontend Engineering Intern

Abuja, Nigeria

July 2025 – till date

- Built dashboards and frontend interfaces that displayed dynamic metrics, putting emphasis on clarity, responsiveness, and modern styling
- Explored frontend animation techniques and practiced turning static layouts into lively, user-friendly experiences through motion and interaction
- Created visually engaging UI components with HTML, CSS, and JavaScript, focusing on smooth animations and transitions using GSAP
- Applied frontend principles to enhance layout structure, refine user flows, and elevate the overall look and feel of dashboards

PROJECTS

GSAP Animated Website – Burna Boy

Developer

Abuja, Nigeria

May 2025 – July 2025

- Developed an engaging, animated website showcasing Burna Boy's content with smooth user interactions
- Implemented responsive design principles ensuring optimal viewing experience across all devices
- Utilized GSAP animations and TailwindCSS to create dynamic visual effects that enhance user engagement

Patient Appointment System UI

Developer

Abuja, Nigeria

June 2025 – August 2025

- Built a comprehensive patient appointment management system with intuitive user interface
- Designed user-friendly forms and navigation that streamline the appointment booking process
- Ensured accessibility compliance and mobile responsiveness for diverse user needs

ACTIVITIES

Ministers of Hospitality – Veritas University

Member

Abuja, Nigeria

January 2024 – Current

- Demonstrated strong communication, teamwork, and attention to detail in university functions
- Supported event coordination by welcoming guests, managing audience flow, and ensuring a positive campus experience

Coding Club – Veritas University

Member

Abuja, Nigeria

June 2024 – Current

- Collaborate with peers on projects using HTML, CSS, JavaScript and React.js
- Engage in technical workshops and coding challenges to improve problem-solving and frontend development skills
